GS1 Training Request Form 2020

Barcodes in Healthcare

Whether new member of GS1, acquired new barcode numbers or just in need of a refresher of the barcode rules? Attend a barcode training workshop at GS1 South Africa right away!

Training benefits:

- Learn how barcodes benefit all from supplier to hospital to patient!
- Promote patient safety and efficiency in the value chain.
- Comply with regulatory requirements
- Reductions in days payable outstanding
- Reductions in ordering discrepancies
- Improve customer service
- Fewer stock outs as a result of nurses being able to scan barcodes at the bedside

Register now! Call 0861 242 000 or email services@cgcsa.co.za to learn how you can benefit from this session. Training is free for 1 person from every new GS1 S.A member company when purchasing a range of barcodes. (excl. Single numbers & 10 number ranges)

Book early as seats are limited!

Join us for this one-day session & learn the fundamentals of GS1 identifiers for products and locations. This course covers features and use of various GS1 Barcodes. Understand application identifiers (AI’s) and how they allow the barcode to carry additional information such as expiration date, batch/lot number. Serial shipping container codes (SSCC), which are used to identify cases, cartons, and pallets.

Identify products! Improve business processes! Reduce costs!

How to Register

Request 3 possible dates from training to take place below:

1. ______________________ 2020
2. ______________________ 2020
3. ______________________ 2020
