GS1 Online Training 2020

Barcodes in Healthcare

Whether new member of GS1, acquired new barcode numbers or just in need of a refresher of the barcode rules? Attend a barcode training workshop at GS1 South Africa right away!

Training benefits:

- o Learn how barcodes benefit all from supplier to hospital to patient!
- o Promote patient safety and efficiency in the value chain.
- o Comply with regulatory requirements
- o Reductions in days payable outstanding
- o Reductions in ordering discrepancies
- o Improve customer service
- o Fewer stock outs as a result of nurses being able to scan barcodes at the bedside

Register now! Call **0861 242 000** or email services@cqcsa.co.za to learn how you can benefit from this session. Training is free for 1 person from every **new GS1 S.A member** company when purchasing a range of barcodes. (excl. Single numbers & 10 number ranges)

Online Training at:

Join us for this one-day session & learn the fundamentals of GS1 identifiers for products and locations. This course covers features and **use of various GS1 Barcodes**. Understand **application identifiers (AI's)** and how they allow the barcode to carry additional information **such as expiration date, batch/lot number. Serial shipping container codes (SSCC)**, which are used to **identify cases, cartons, and pallets**.

Identify products! Improve business processes! Reduce costs!
